Subtlety.
Simple forms.

For style-conscious people.

STUDIO.

EDITORIAL | EDITORIAL

Ein Blick in die Weiten der Natur lässt uns entspannen, ebenso das Einatmen frischer Seeluft und der Blick zum Horizont. Inspirierende Momente. Düfte und Materialien wecken Assoziationen und Erinnerungen. Eine gute Überschrift macht neugierig. Jede Wahrnehmung beeinflusst unser Handeln. Apropos: Wann haben Sie selbst eigentlich zuletzt jemanden inspiriert? In diesem Sinne wünschen wir Ihnen viel Freude und Inspiration beim Entdecken des dritten STUDIO Kollektionbuchs.

Philippe Walther, CEO

Gazing into the broad expanse of nature helps us to wind down, as does breathing in fresh sea air and looking at the distant horizon. Inspirational moments. Familiar scents and materials trigger associations; sounds revive memories. A good headline awakens curiosity. Everything we perceive influences the way we behave. Apropos inspiration - when did you last actually inspire somebody? With this in mind, we wish you great pleasure exploring the third STUDIO collection book.

Philippe Walther, CEO

URBAN | SIMPLE FORMS

Studio by Mobimex kreiert Tische, Sitz- und Korpusmöbel für den Wohn-, Arbeits- und öffentlichen Bereich. Subtilität, simple Formen, spannende Materialien und eine gedämpfte Farbpalette sind Kennzeichen von Studio by Mobimex.

Eine Marke für zeitloses Design, Möbel, die jeden Raum bereichern können.

Studio by Mobimex creates tables, seating and cabinet furniture for living, working and public areas. Subtlety, simple forms, exciting materials and a subdued colour palette are trademarks of STUDIO by Mobimex.

A destination for timeless design. Furniture that can enrich any room.

DAS KONZEPT | THE CONCEPT

Das Konzept der Marke ist es, eine Brücke zwischen Mainstream und High Design zu schlagen und dabei hochwertige Produkte zu annehmbaren Preisen anzubieten. Anstatt an einen spezifischen Möbeltyp, denken wir dabei beim Entwerfen lieber an eine Gruppe von Menschen, die den gleichen Sinn für Ästhetik und dieselben Interessen teilen, aber trotzdem alle sehr individuell sind. Sie sind vielbeschäftigt und pflegen einen kosmopolitischen Lifestyle. Sie interessieren sich für aktuelle Ereignisse in Kultur, Wirtschaft, Kunst und Politik. Diese Gruppe ist selbst- und stilbewusst und schätzt Qualität und Design in allen Bereichen des Lebens.

Unsere Kollektion vereint traditionelle Handwerksmethoden und innovative Techniken, bewährte natürliche Materialien und experimentelle Akzente, um zeitlose Möbel zu schaffen.

The concept of the brand is to build a bridge between mainstream and high design while offering high quality products at acceptable prices. When designing, rather than thinking of a specific type of furniture, we prefer to focus on a group of people who share the same sense of aesthetics and interests, but who are all very individual. They are busy and have a cosmopolitan lifestyle. They are interested in current events in culture, business, art and politics. This group is self-confident and style-conscious and values quality and design in all areas of life.

Our collection combines traditional methods of craftsmanship and innovative techniques, proven natural materials and experimental accents to create a timeless collection.

PURISTISCHE PERFEKTION |
PURISTIC PERFECTION

Mit einfachen Mitteln Grosses zu erreichen –
davon sind wir bei Studio fasziniert.

Mit der Tageszeit und dem Lauf der Sonne ändert sich in Räumen auch die Stimmung. Je nach Wetter spenden Lichthöfe und Oberlichter diffuse Helligkeit oder inszenieren ein kontrastreiches Spiel von Licht und Schatten. Wie das einfache, aber faszinierende Lichtspiel der Sonne mit der Architektur, versuchen wir ebenso mit einfachen Mitteln Grosses zu erreichen – diese Philosophie schätzen wir nicht nur in der Architektur, Kunst und Fotografie, sie war auch die Triebkraft hinter dem Aufbau der neuen, minimalistischen Kollektion von Studio by Mobimex. Die gesamte Designergilde, die wir beauftragt haben, für uns Produkte zu entwerfen, lebt und liebt die Kernwerte von Studio ebenso, und das sieht man den Produkten auch an, finden wir.

Achieving great things with simple means –
this is what fascinates us at Studio by Mobimex.

The mood in rooms changes with the time of day and the course of the sun. Depending on the weather, atriums and skylights provide diffuse brightness or play with contrasts of light and shadow. Just like the simple but fascinating play of light between the sun and architecture, we also try to achieve great things with simple means – we not only admire this philosophy in architecture, art and photography, it was also the driving force behind the creation of the new, minimalist collection from Studio by Mobimex. The entire designer guild that we have lives and loves commissioned to design products for us live and love the core values of Studio as much as we do, and this is evident in the products.

AIRBLADE
Dante Bonuccelli for
Studio by Mobimex

Die Tischplatte aus Massivholz schwebt, getragen von zwei Metallschwerter, welche die Tischplatte durchstossen und diese sicher und stabil halten. Puristisch, expressiv, zeitlos: Ausdrucksstärken, die den Airblade förmlich durchdringen.

The solid wood tabletop floats, supported by two metal blades that pierce it, holding it securely and stably in place. Puristic, striking, timeless: expressive characteristics that literally permeate the Airblade.

AIRBLADE
Dante Bonuccelli

the 1990s, the number of people in the United States who are 65 years of age or older has increased by 50 percent. The number of people 75 years of age or older has increased by 100 percent. The number of people 85 years of age or older has increased by 200 percent. The number of people 95 years of age or older has increased by 400 percent. The number of people 100 years of age or older has increased by 1,000 percent.

BRIDGE

Jehs + Laub for
Studio by Mobimex

Hier stösst niemand an die Tischkante. Bootsformig, mit sanft abgerundeten Ecken präsentiert sich der BRIDGE Tisch. Die feine Massivholzplatte brilliert wahlweise in Eiche oder in Schwarznuss und wird von einem Stahlelement aus der Brückenarchitektur gehalten. Das proportional feinst abgestimmte Untergestell aus einem Betonhohlkörper nimmt die Form der Tischplatte auf. Ein eleganter Begleiter, ein wahres Statement, im Wohn- wie im Objektbereich.

No one bumps into the edge of the table here. The BRIDGE table is boat-shaped, rectangular-oval with gently rounded corners. The exquisite solid wood top, either in oak or in black walnut, steals the show and is held in place by a steel element taken from bridge architecture. The proportionally finely-tuned base made of a hollow concrete corpus reflects the shape of the table top. An elegant companion, a true statement, in living spaces as well as at the workplace.

BRIDGE

ANY
Daniel Wehrli for
Studio by Mobimex

Unaufdringlich, filigran und doch Statement genug, um sich selbstbewusst freistehend im Raum zu behaupten und jedem den Platz zu geben, den er gerade benötigt, um sich zugehörig zu fühlen. In der Hektik des Tages sich eine Pause gönnen: auf ein Gespräch, ein Buch oder einen Kaffee. Für Zuhause und auch für Meetings im Public Space oder im Office. ANY Table ist der ideale Ort für Begegnungen.

Unobtrusive, filigree and yet statement enough to stand alone and self-confidently assert itself in the room. And to give everyone the space they need so that they feel like they belong. Treat yourself to a break from the hectic pace of the day: for a chat, a book or a coffee. For the home, meetings in public spaces or at the office. ANY table is the ideal place for encounters.

CALDER
Werner / Vázquez for
Studio by Mobimex

Würdevoll wie ein Altar. CALDER inszeniert den Tisch als Ort für die Rituale des Beisammenseins mit Familie und Freunden, zum gemeinsamen Essen oder Arbeiten.

Ein Bild kraftvoller Ästhetik mit zurückhaltender Eleganz. Eine Interpretation der Archaik von Material und Stabilität.

As dignified as an altar. CALDER presents the table as a place for the ritual of get-togethers with family and friends, for eating and working together.

A picture of powerful aesthetics with restrained elegance. An interpretation of the archaic nature of material and stability.

SQUELETTE
Dante Bonuccelli for
Studio by Mobimex

Dante Bonuccelli entwarf diesen Tisch mit der Idee, das Untergestell in Massivholz, ein Element, das sonst eher ein Schatten-dasein lebt, in den Mittelpunkt des Be-trachters zu stellen. Die fein ausgearbei-teten X-Streben dienen als Abstandhalter zwischen den Quer- und Längsbalken des Rahmens und tragen im Verbund die Tischplatte aus Glas. Ein handwerkliches Kunstwerk des ehrwürdigen Meisters.

Dante Bonuccelli designed this table with the idea of making the solid wood base, an element that otherwise tends to live a shadowy existence, the central fo-cus. The finely crafted X-braces serve as spacers between the cross and longitu-dinal beams of the frame and, together, support the glass tabletop. A handcrafted work of art from the venerable master.

FLANK
BR17 for
Studio by Mobimex

Souveräner Solitär: FLANK erklärt das Wesentliche auf eigenwillige Weise. Kraftvoll kombinierte Körper in gestreckten Proportionen erzeugen eine starke Aura. Konzentriert auf die reine Verwendung des Materials und den ausgeglichenen Proportionen. Mit seinen beiden Wangen eignet sich FLANK auch als Konferenztisch mit integriertem Kabelmanagement und stellt ein funktionales Möbel für den Privat- oder Objektbereich dar.

Free-standing poise: FLANK explains the essentials in an unconventional way. Powerfully combined frames with elongated proportions exude an aura of strength. Architectural structures are created, a table that can enrich any room. Concentrated on the pure use of the material and balanced proportions. With its two side elements, FLANK is also suitable for use as a conference table with an integrated cable management system, and it is a functional piece of furniture for the home or the workplace.

ANY-UP
Daniel Wehrli for
Studio by Mobimex

ANY-UP. Come together. Ein Ort mit Anziehungskraft. Eine Oberfläche, die berührt werden will. Auf einer Höhe, die passt. In einer Form, die klar und offen ist. Unkonventionell, kommunikativ, dynamisch: Leben am Stehtisch ist Leben auf Augenhöhe. Wer da ist, lädt ein. Wer neu hinzustösst, ist sofort an Bord. Die Wärme der Massivholzplatte und die runde Kante lassen Vertrauen entstehen.

ANY-UP, come together. A place of attraction. A surface that wants to be touched. At a height that fits. In a form that is clear and open. Unconventional, communicative, dynamic: life at the bar table is living among equals. Whoever is there invites. Anyone who joins is immediately on board. The warmth of the solid wood top and the rounded edge create confidence.

ANY-UP
Daniel Wehrli

A diagram of a horizontal beam of length l . A central point load P is applied downwards at the midpoint. Reaction forces R_L and R_R are shown at the left and right ends, respectively, acting upwards. The beam is supported by two vertical columns.

A modern interior space, likely a lounge or bar, featuring round wooden tables and blue upholstered stools. The room has a dark, moody atmosphere with warm lighting from pendant lamps. Large abstract art pieces are mounted on the walls, and the floor is made of dark tiles. The overall design is minimalist and contemporary.

BR17 for
Studio by Mobimex

Archetyp für Ästheten: Die Eleganz feiner, aufeinander abgestimmter Details ist das Formthema des Massivholztisches DAN. Zurückgenommene Volumen spielen mit der Ästhetik des Minimalen und vermitteln gleichermassen zeitlos solide Stabilität. Exakte Kantenlinien treffen auf abgeschrägte Flächen. Ein raffiniertes Spiel aus Winkeln und Licht entsteht. Zeichen der Wertschätzung des Materials: Das sorgfältig ausgewählte Holz.

Archetype for aesthetes: The elegance of fine, coordinated details is the design message of the DAN solid wood table. Restrained volumes play with the aesthetics of the minimalist and at the same time convey timeless, solid stability. Precise edges meet bevelled surfaces. A sophisticated interplay of angles and light is created. The specially selected wood reveals an appreciation of the material.

“Perfection is achieved, not when there is nothing more to add, but when there is nothing left to take away.”

Antoine de Saint-Exupéry

BOCCA

Jehs & Laub for
Studio by Mobimex

Natürlich geformt, wie ein Mund – das ist Bocca. Aussen stützt die geschwungene Sitzschale den Rückenbereich, innen sorgen das Sitz- und Rückenpolster für höchste Bequemlichkeit. Eine ikonische und vor allem bequeme Sitzgelegenheit für Dining aber auch für Conferencing und Contract. Bocca ist in vier verschiedenen Gestellvarianten erhältlich: Mit 4-Stern Drehkreuz, mit drehbarem Tulpengestell, als Vierfuss-Variante oder mit einem Kufengestell.

Bocca – natural contours, shaped like a mouth. The curved seat shell supports one's back while the cushioned seat and backrest ensure the highest level of comfort. An iconic and, above all, comfy chair that is perfect for dining as well as for conferences and commercial settings. Bocca is available in four different base variations: with a cruciform swivel base, with a swivelling tulip pedestal, as a version with four legs and as a chair with a sled base.

EMBRA
Oliver Schick for
Studio by Mobimex

Wie eine Umarmung.

Klarheit und Ruhe bestimmen den Eindruck. Ein funktionsgerechtes Zusammenspiel von harten und weichen Materialien: Leder und ausgewählte Stoffe berühren den Sitzenden, Holz sorgt für die Stabilität. Die Vorder-, Rücken- oder Seitenansicht zeigt in sorgfältigen Details subtile Unterschiede, je nach dem Zusammentreffen der Materialien. Der perfekt austarierte Rücken und der angenehm weiche Sitz bieten hohen Sitzkomfort.

Like an embrace

Clarity and calmness define the look. A functional interplay of hard and soft materials: leather and selected fabrics envelop, while wood provides stability. The front, back and side views show subtle differences in meticulous details, depending on how the materials come together. The perfectly balanced back and the pleasantly soft seat provide a high level of comfort.

Q5 Chair
Oliver Schick for
Studio by Mobimex

Die Logik des Minimalen bestimmt Form und Materialien des Q5 Chair. Leder, Textil und Stahl bilden Haut und Gestell. Die ergonomisch geformte Sitzschale schmiegt sich dem Körper an. Durch die Kontrastierung der Bezugsmaterialien im Rücken und Sitz eröffnen sich ungeahnte Variationsmöglichkeiten.

The logic of the minimal determines the shape and materials of the Q5 chair. Leather, fabric and steel form the skin and frame. The ergonomically shaped seatshell nestles against the body. The contrasting cover materials of the back and seat create unimaginable possibilities for variation.

MUSE

Jehs + Laub for
Studio by Mobimex

Der MUSE Barhocker von Jehs + Laub ist modern und elegant. Die Silhouette umarmt den Körper. Die 3D-Sperrholzschaale, mit oder ohne Sitzpolster, schafft ein zeitloses und einzigartig schlichtes Design mit fließenden Linien und einer skulpturalen Ästhetik. Das Untergestell ist erhältlich in Massivholz oder Stahldraht.

Muse by jehs+laub is a stylishly sculptural barstool that projects modern elegance. The silhouette embraces the body, mimicking the lounge chair of the same name. The 3D plywood shell creates a timeless and uniquely simple design with flowing lines and sculptural aesthetics. The base is available in solid wood or steel wire.

BENJI
Daniel Wehrli for
Studio by Mobimex

Die umlaufende Gestellstruktur in Massivholz kommt mit filigranen Querschnitten aus und bildet damit die Basis der linearen Gesamterscheinung. Die in ihrer Grundform klar gezeichneten, straff bezogenen Polsterelemente steifen die Konstruktion aus, unterstreichen das grafische Erscheinungsbild und bieten dabei einen hohen Komfort. Eine auf die unterschiedlichen Massivhölzer abgestimmte Stoff- und Lederkollektion ermöglicht vielfältige Farb- und Materialkombinationen.

The solid wood frame unfurls at elegant angles, giving the bench its distinctly linear appearance. The strong outline of the upholstery brings rigidity and intensifies the bench's aesthetic impact, without compromising on comfort. With a wide range of fabric and leather collections available to match the different types of solid wood, all manner of colour and material combinations are possible.

“If a design is good you don’t ask questions,
you simply enjoy.”

Richard Hutten

ALTO Side table
Daniel Wehrli for
Studio by Mobimex

Die Beistelltisch-Kollektion ALTO lebt vom Zusammenspiel der drei edlen Materialien Massivholz, Naturstein und Aluminium. Horizontale und vertikale Flächen und Kanten fügen sich zu spannungsreichen Volumenkörpern zusammen. Beim Umschreiten der Objekte ergeben sich immer wieder neue Einblicke und veränderte Proportionen. Dabei hat vor allem das Spiel von Licht und Schatten eine reizvolle Wirkung. Die Tische sind in drei Formen – kreisrund, quadratisch und rechteckig – sowie drei Höhen erhältlich.

The ALTO side table collection is defined by the interaction between three sophisticated materials – solid wood, natural stone and aluminium. Horizontal and vertical surfaces and edges merge to form dynamically contrasting solid corpuses. New insight and changed proportions emerge again and again as the furniture is viewed from different sides. The interplay of light and shade makes a very special impact. The tables are available in three shapes – circular, square and rectangular – as well as in three heights.

GRAY Side table
Oliver Schick for
Studio by Mobimex

Die Kollektion Studio by Mobimex steht für puristisches Design ohne Schnörkel, reduziert auf das Wesentliche, behält aber immer die Wertigkeit des Materials und dessen Verarbeitung im Blick. In Anlehnung daran ist der Beistelltisch GRAY entstanden. Gebogenes Stahl-Rundrohr, eine runde Tischplatte aus Echtholz und ein praktischer Tragegriff machen den Tisch zu einem simplen, aber funktionalen und mobilen Möbel, das zu jedem Einrichtungsstil passt. Das gebogene Stahlrohr hat mit 28 mm einen überdurchschnittlich kräftigen Durchmesser und unterstützt optisch die klare und einfache Linienführung des Tischgestells.

The Studio by Mobimex collection stands for purist design without frills, reduced to the essentials, but always keeping in mind the value of the material and its processing. The GRAY side table has been created based on this philosophy. Bent round steel tubing, a round table top made of real wood and a practical carrying handle make the table a simple but functional and mobile piece of furniture that fits in with any furnishing style. The curved tubular steel has an above-average diameter of 28 mm and visually supports the clear and simple lines of the table frame.

NORA Side table
Rob Easton for
Studio by Mobimex

NORA ist eine zeitgenössische Kollektion, welche die Grenzen zwischen Objekt- und Wohndesign verwischt. Diese Club-tisch-Kollektion verbindet Stabilität und Vielseitigkeit. Durch die einfache Form, die klaren Linien und die konsequente Beachtung subtiler Details spricht die Kollektion NORA ein Gefühl von Zeitlosigkeit an und behält gleichzeitig ihren modernen Charakter.

NORA is a contemporary collection that blurs the lines between workplace and residential design. This table series combines durability and versatility. Tied together by simple forms, clean lines, and consistent attention to subtle details, the NORA collection appeals to a sense of timelessness while maintaining a modern edge.

NORA Side table
Rob Easton

KUNST | ART

Kunst, Fotografie und Design. Dies ist der rote Faden, der sich durch alles zieht – unsere ständige Inspiration. Kunst spiegelt wider, wer wir sind – als Gesellschaft, als Individuen und als Institution. Sie kann uns an unser kollektives Erbe erinnern. Oder sie kann in die Zukunft weisen. Dasselbe gilt für uns und unsere Kollektion.

Art, photography and design. This is the thread that runs through everything – our constant inspiration. Art reflects who we are – as a society, as individuals and as an institution. It can remind us of our collective heritage. Or point toward the future. The same goes for us and our collection.

NACHHALTIGKEIT | SUSTAINABILITY

Jedes Möbelstück von Studio by Mobimex ist auch für die nächste Generation gebaut. Studio erwerben, für immer behalten oder weitergeben. Das ist der beste Weg zur Nachhaltigkeit, denn ohne freiwillige Initiativen der Unternehmen und Haushalte auf der ganzen Welt kann die Klimaerwärmung nicht gestoppt werden. Die dafür notwendige ökonomisch-ökologische Denk- und Handlungsweise in den Köpfen zu verankern, ist die eigentliche Herausforderung.

Every piece of furniture from Studio by Mobimex is also built for the next generation. Purchase Studio, keep it forever or pass it on. This is the best way to achieve sustainability, because global warming cannot be stopped without voluntary initiatives from companies and households around the world. The real challenge is to anchor the necessary economic/ecological thinking and action in people's minds.

INNOVATIV | INNOVATIVE

Digitalisierung, Urbanisierung und Nachhaltigkeit – das sind die Megatrends, die wir weltweit beobachten. Unsere Philosophie verbindet innovatives Design mit nachhaltigem Stil. Schönheit in der Einfachheit, Funktion im Vordergrund.

Digitization, urbanization and sustainability – these are the megatrends we are observing worldwide. Our philosophy combines innovative design with sustainable style. Beauty in simplicity, function in the foreground.

FOKUS | FOCUSING

Mit dem permanenten Fokus auf Form und Funktionalität verbinden unsere Möbel traditionelle Handwerksmethoden und innovative neue Techniken zu einer zeitlosen Kollektion.

Wir haben das Glück, mit einer Materie zu arbeiten, die Leidenschaft in uns weckt – und mit Menschen zusammenzukommen, die wir mögen, das ist für unser tägliches Leben und den Erfolg unerlässlich.

Philippe Walther, CEO

Focusing on form and functionality, our furniture incorporates traditional methods and innovative new techniques to create a timeless collection.

We are lucky to be able to work with a subject we are passionate about – and getting together with people we like is essential for our daily life and success.

Philippe Walther, CEO
